The San Francisco Human Rights Commission Condemns Kansas City Jewish Centers Shootings as an Unconscionable Act of Violence and Hatred

(San Francisco) The San Francisco Human Rights Commission (HRC) offered the following joint statement and condemnation regarding the April 13th 2014 attack at Jewish Centers in Overland Park, Kansas where three people were shot and killed by an alleged white supremacist extremist prior to the commencement of Passover. SF HRC Commission Chair Susan Belinda Christian and SF HRC Executive Director Theresa Sparks offered the following statement on behalf of the SF HRC:

“The San Francisco Human Rights Commission condemns the depraved and unconscionable acts of violence at the Kansas City Jewish Centers that have taken the lives of three beloved members of the Overland Park community. These reprehensible shootings are acts of terrorism perpetrated by a person known to be filled with the sickness and arrogance of hate.

We relentlessly stand against all forms of hatred. We stand against all forms of violence. And we stand for the fundamental human and civil rights for all people. Our hearts, thoughts and prayers are with the Overland Park community and especially with the family and friends of those who were slain. And we stand with the Jewish community as a whole which was also the clear target of these acts.”
